Dear Posey:

I am enclosing you these letters I received from Mrs. Jacobs this morning, and the answers I am sending to them. I am sending the letters to Abe. first for his approval, but I am sure he will agree they are all right.

In case these games are all cancelled out, what would you suggest doing. WE can be in Ruppert Stadium August 28th too.

In view of Semlers attitude let August 11th in Yorkville stand as is. We might even have to arrange something else for the 14th. I am not worried about Semler, as I am sure I can stand cancellations as well as he can. It really looks to me like a fight to the finish. We cant back down now or we are really licked.

Write me to Germantown as I will be here a few days more .

Yours Truly

Effa Manley

I am sending Posey his letter myself. I am adding on to it that Abe. is going to New York today to see those darkies, and for him to wait until he hears from me before doing anything.
